

Experience

FriendlyAI - San Francisco, CA

Nov 2025 - Present

Graphic Designer

- Led end-to-end creative direction, production, and vendor coordination for large-format brand activations at premier Silicon Valley and APAC tech conventions, including Nvidia GTC (San Jose, CA), SuperAI at Marina Bay Sands (Singapore), and HumanX (San Francisco, CA)
- Architected and deployed a scalable Notion-based PMO system from the ground up to align a globally distributed marketing team across the Bay Area and Seoul; engineered AI-powered automations spanning project and task creation, master calendar scheduling, and real-time pipeline visibility across time zones
- Designed high-conversion case study landing pages using Figma across enterprise and mid-market verticals for LG AI Research, SK Telecom, Upstage, ScatterLab, and NextDay AI
- Grew organic LinkedIn impressions by 90% and follower count by 92.3% within Q1 2026 through a data-informed content cadence coordinated via Notion
- Partnered cross-functionally with the GTM team to produce customer-facing decks for large-scale APAC activations, including AWS Unicorn Day (Seoul, South Korea) and SuperAI (Marina Bay Sands, Singapore)
- Designed and delivered full-funnel sign-up landing pages utilizing Figma, HubSpot, and Webflow, owning the workflow from wireframe through production handoff

Weaviate - Remote

Nov 2024 - Nov 2025

Social Media & Content Creator Remote
